Catherine –

I addressed all of your comments, with particular emphasis on mentioning that the Program will discuss, in the presentation, a particular path forward. You will now find an additional bullet at the bottom of the “Topics for Discussion” section. In this manner, the AA is made aware that the program will present an option to potentially move forward with the request, but under various circumstances. Let me know if this works and whether you have additional comments.

Best,

Marion J.

Thank you, Marion. A few quick comments:

Ex. 5 Deliberative Process (DP)

?

Ex. 5 Deliberative Process (DP)

Also, this paper does not identify our regulatory options. I think we should include those and highlight any recommendations, unless the path forward has already been resolved.

In the DD briefing, Mike suggested that we get rid of the options and only present the “regulatory path forward” in the slide deck. Given that mandate, I thought that we might want to provide Alex with the flexibility to deliberate a decision, without putting her in a position of potentially having to differ with a programmatic written recommendation. Any quick thoughts on this, prior to our making changes?

Under benefits, I recommend changing aldicarb “will” to “could” (provide another tool ...). Will do. . .

Catherine:

Here's the first draft of the Aldicarb one-pager by which I'm trying to keep succinct to not overlap too much with the slide deck. As it's currently Sunday, November 22nd, I'm also sharing it with the RD team in the event there are last minute

additions early Monday morning. Let me know if you have any quick thoughts/comments.

Best,

Marion

Hi Marion - looks like we need a short 1-pager (in the "official" format) by Monday. Are you already working on this? We'll need some time to review in the RD IO so please send it up to us by noon on Monday, unless you hear otherwise.

Thanks!

See below - 1-pagers for the following will be needed on Monday. As noted these will likely need to go into AAW's binder (by 1pm) on Tuesday.

I know the Novel Products paper is a late start so will try and buy some time until Tuesday.

Note that those marked with an asterisk can be "brief" 1-pagers (please do use the 1-pager format though).
